As a certified Green Garage, (Your Company) commits to the following:

- Minimizes waste by evaluating operations and ensuring they are as efficient as possible.
- Actively promotes recycling both internally and amongst its customers and suppliers.
- Sources products that minimize environmental impact.
- Meets or exceeds all government environmental legislation that relates to our company.
- Uses only licensed transporters to haul wastes.

It is our priority to encourage our customers, suppliers and all business associates to do the same. Not only is this common sense for all but it is a matter of delivering on our duty of care towards future generations.
